

Arrival and Departure of Mails.

Eastern and California Mail arrives at 11:30 a. m., and closes at 2:30 p. m.  
Pinal, Globe and Silver King Mail arrives at 12 m., and closes at 12:15 p. m.  
Office Hours—From 9 a. m., to 1 p. m.; from 1:30 p. m., to 5 p. m., and from 6 p. m., to 7 p. m. Sundays from 11 a. m. to 3 p. m.

Home News.

There will be a social dance at the Court House Hall to-night.

We regret to learn that Mrs. Hinson Thomas is dangerously ill.

Choice Fresh Roll Butter received every week at Ochoa's. 29tf

Mr. A. P. Walbridge, with J. Champion at Casa Grande, was in town this week.

Mr. Matt Caviness, of Pinal, passed through here Friday on his way to Phoenix.

Finest stock of Queensware, China and Glassware, just received at Ochoa's. 29tf

Henry Schoshusen went up to the San Pedro country, this week, to look after beef cattle.

Mr. McCoy, of Silver King, spent the week at Florence and had a good time with the boys.

Ed. Welch has returned from Sonora and will take a "string of stock" between here and Globe.

Hon. A. J. Doran is now acting as assistant superintendent at Butte and is doing good service.

Mrs. Fred R. Kittle and her uncle, Mr. G. G. Thurston, arrived here on Tuesday from Fremont, Nebraska.

Try a can of Fried Brook Trout, an excellent dish, at Ochoa's. 29tf

Col. John Ruckelshausen is down from Riverside, having completed his assessment work in that vicinity.

Miss Annie Whitlow, one of the most charming young ladies of Pinal, visited Florence friends this week.

Mr. G. A. Stone and wife, and Mrs. Whitlow, of Whitlow Station, are in town, the guests of Mrs. W. L. Bailey.

Judge J. W. Benson and Mr. K. K. Kennedy, of Pinal, were among the visitors at the county seat, this week.

Prof Adams and Dan Crocker have gone to Pinal to do assessment work on their mining properties in that district.

Swiss and Limburger imported cheese, Sardella, Caviar, English Herring, sugar cured Smoked Beef at J. M. Ochoa's. 29tf

Mr. Bancroft was in town this week. He has been enjoying the invigorating mountain air of Pinal for some weeks past.

Messrs. Smith & Murray have employed another clerk in their Florence house, an increase of business necessitating extra help.

The Diamond Dyes always do more than they claim to do. Color over that old dress. It will look like new. Only 10 cents.

Louie Remy and Edward Lanoue put up the telephone line, this week, between the Post office and Mr. Aaron Mason's residence.

The Jessie Benton shipped two more bars of silver bullion this week, worth about \$2,500. The Jessie Benton is coming to the front.

Mr. and Mrs. Wm. Jennings visited the Jessie Benton camp, this week, and returned Thursday accompanied by their daughter, Mrs. W. H. Morrill.

A. D. Brewster has returned to his first love, viz: Mineral Hill, and has located some new properties there. He thinks it is the future camp of the country.

Mr. John Kron shipped about three thousand pounds of ore from the Orozaba mine, Casa Grande district, this week. It was selected and will run very high.

Mr. H. A. Stevens, who is now looking after Mr. Buckalew's freighting interests, passed through here this week, en route to Globe, San Carlos and Wilcox.

Charlie McFadden is back from the mountains and will drive a team between Casa Grande and Butte. He located some promising mining claims during his absence.

Mr. W. C. Smith has ordered a very handsome and substantial iron fence to place around the grave of his late wife. He will also place a handsome tombstone at the head of the grave.

I have several fine banjos, German-silver bound, real costly ones; still I will sell any of them from \$7 to 12. Uncle Harris, 221 Kearny Street, between Bush and Sutter.

Prof. Blake passed through here, Wednesday, returning to San Francisco from Silver King. Prof. Blake is one of the scientific men who pronounced Mineral Hill one of the finest mineral fields in the west.

Just received at J. M. Ochoa's, new importations of shawls, blankets, quilts, ladies felt skirts, cotton and woolen flannels, dress goods of every description, crapes, oil clothes, etc. 29tf

There are eight hundred names on the great register of Pinal county. This is a splendid showing considering that our census returns showed only 3550 people in the county. Some of the counties which claimed nearly twice our population cannot show eight hundred voters.

Mr. Geo. Taylor is laying a new floor and putting up shelving in the store room on the corner of Main and church street. It will be occupied by Mr. J. M. Ochoa with his mammoth stock of general merchandise.

Prof. Eames returned from Pinal Tuesday, and went up to Mineral Hill. Like all scientific men who have examined that district, he has faith in its value and believes it will be one of the best in the west when opened up.

Mr. Joseph Champion, the Pinal and Casa Grande lumber merchant, is home again from California and there is some talk at Pinal of running him for supervisor. He is a good business man, enterprising and energetic.

We understand that a new ticket for Florence precinct has been put into the field. It is as follows: For Justice of the Peace, Mr. Wm. Jennings; for School Trustees, Mr. W. C. Smith, Dr. Wm. Harvey and Mr. Wm. Jennings.

Mr. Wm. Dempsey will move his family up to Florence, whether he shall be successful in his canvass for Treasurer or not. We shall be glad to welcome this family as dwellers of Florence. They are first-class people and would be a desirable acquisition to any town.

Judge Walker, of the Vekol, was in town this week. He is making his headquarters at present at his ranch below Florence and is preparing his place for the reception of his brother, who is on his way hither, from California, with a herd of blooded nances and horses.

The infant child of Mr. and Mrs. J. P. Gabriel died Saturday morning and was buried Sunday with the impressive burial service of the catholic church. The funeral was largely attended and the parents will have the sympathy of the entire community in their sad bereavement.

Mr. W. H. Sutherland has sold his stage line, between Globe and Camp Thomas, to "Rube" Woods, of San Carlos. This leaves him with no stage line now, except the short route between Tucson and Riverside, and this he has sublet for twelve months. He thinks there is more money in raising cattle.

Ex-Governor Stafford is organizing a company with a view to engaging in mining operations in Pinal county. Governor Stafford is a gentleman of means, ability, influence and experience, and can do much toward bringing out the splendid mining resources of this section. He will be cordially welcomed here.

Judge Porter held a pow-wow at Casa Grande, Saturday night, and tried hard but in vain to create a little enthusiasm among the denizens of that railroad metropolis. Mr. Thomas Tomlinson presided over the meeting and presented the Judge in a very neat speech. Mr. J. W. Davis was present and delivered a brief address.

"Do boldly what you do at all." Boldly do we affirm that Kidney-Wort is the great remedy for liver, bowels and kidney diseases. Rheumatism and piles vanish before it. The tonic effect of Kidney-Wort is produced by its cleansing and purifying action on the blood. Where there is a gravelly deposit in the urine, or milky, ropy urine from disordered kidneys, it always cures.

Mr. John Brash has turned his attention to freighting again and put three ten mule teams on the road between Casa Grande and Pioneer. His outfit is all brand new and his mules are among the largest and finest in the county. He made a large sum of money freighting here a few years since and spent most of it in taking out a ditch and in improving his Round Valley ranch. John is a hard worker and deserves to succeed.

For years Mrs. Lydia E. Pinkham has been contending with the terrible illness known as *Dysmen*, with what surprising success many who were in the serpent's coils will testify. Often has the powerless victim been snatched from the open jaws of the destroyer. In smiting the head of this monster Mrs. Pinkham's Vegetable Compound is far more efficacious than the processes of potential and actual cautery.

Among the new announcements in this issue will be found the names of John T. Bates, of San Pedro, for Supervisor, and P. C. Warner, of Florence, for Justice of the Peace. Mr. Bates is one of the early settlers on the San Pedro, a large property owner and good substantial citizen. Mr. Warner is an old timer here and our citizens are better acquainted with his qualifications for the office of Justice of the Peace than we. Hence he needs no introduction from us.

Mr. Chas. Wilson, of Casa Grande, was in town this week. Mr. Wilson is sinking a fifty-foot shaft on the Hawkeye claim, which lies in the same range of mountains as does the Vekol. The surface showing on this claim is very encouraging and improves with depth. The property shows every indication of being one of the best in the district and we shall watch developments on it with a great deal of interest.

The Elder mine, located in the vicinity of Riverside, bids fair to become one of the leading properties not only of Pinal county, but of the Territory. It has a ledge averaging from ten to twelve feet in width and highly metalliferous all the way across. Samples taken all the way across the ledge, with a view to getting an average of the vein, assayed as follows: silver, per ton, \$80; gold, per ton, \$50.75; copper, 18 per cent. Selected samples assay up into the hundreds. With such properties, that portion of the county is bound to attract attention and draw capital. It is rich in mineral and other resources and is destined to become a prosperous and populous section.

Treasurer Brady returned from the Vekol mine Monday, and brought in a specimen of metallic silver that assays 85 per cent silver. This is as rich as polybasite and the lower workings of the Vekol show no inconsiderable amount of this remarkably rich ore. The force at the mine has been increased to thirteen and a large shipment of selected ore will be made on the 1st and similar shipments will be made at regular intervals, during the fall and winter.

Gen. Jordan, editor of the New York Mining Record, and a gentleman of large scientific knowledge, passed through here Friday en route to Silver King, and stopped long enough to pay the ENTERPRISE a call. He will make a personal examination of several of our most prominent mining districts before leaving the Territory and we regret that he cannot visit all the districts of this matchless Arizona, as his report of them in the Record would have great weight at the east.

Gov. Tritle has appointed Mr. J. W. Davis, of this place, probate judge, vice G. L. Wratten, resigned. There is a difference of opinion as to where the appointing power rests. Some members of the legal fraternity hold the Supervisors are the proper authorities to fill the vacancy while others maintain that the governor only has the power to appoint. The law on the subject is about as clear as mud, and should be made over by the next legislature. Mr. Davis has filed his bond and taken possession of the office.

A correspondent writes the Stock Exchange that the "Pinal Consolidated has many thousands of tons of ore out and in sight," all of which is true. He might have added also, that an abundance of iron ore and lime, suitable for flux, had been found within a few miles of the furnace, through the energetic efforts of Mr. Mason, and that the mines and furnace will be started up soon with a force about 200 strong. The only thing delaying the starting now is the want of charcoal and that will soon be supplied, as the kiln for burning the coal is nearly completed.

Mr. Griffith, of the Terra and Arizona stage company, and the South Pioneer Mining Company, have gone into a co-partnership in the matter of building a wagon road out from Globe to connect with the Pioneer road at the summit. We have it from pretty good authority that they will put a thousand men to work on the road on the 1st of next month and push it to completion with lightning rapidity. They intend to make it a first-class road in every particular and will charge a small toll for the purpose of keeping it in repair, and getting back a portion of the cost of building it. It will be an excellent road to team over as there will be no scarcity of water and grass along the route and hay and barley can be secured at almost any point between the depot and Pioneer.

A correspondent, writing for the Stock Exchange, says: "The Silver King Company have replaced their old hoisting works at the mine with new ones of greater capacity, new shops and saw mills and are now grading for ore-house bins and rock breaker, which will be completed before the end of the year. Their shaft is down 732 feet, and the lowest level 712 feet. This level has supplied their reduction works at Pinal the present year, and the breast and sides are still in good ore. I am told that sinking of the shaft will be resumed as soon as timbers ordered arrive. The ore is very base, containing a large percentage of zinc, which has given the company much trouble in their roasting and leaching department. It concentrates well on the concentrators, however, of which they are adding six more to the six now in use. The roasters will have to be remodeled and altered somewhat before they can do satisfactory work. There is more ore in sight in the mine than when I was here last; the company are working about 100 men daily. The towns of Pinal and Silver King are growing in size and in substantial improvements."

The ENTERPRISE was made the recipient of a very pleasant call, this week, from Col. Richard H. Spencer, of New York City. He is a prominent member of the New York bar and came hither to pay off the indebtedness of the Old Dominion Copper Company, and accomplished the object of his mission by counting out the shining shekels to the creditors to the amount of \$12,000. This is Col. Spencer's first visit to this sunny clime, and he finds much to marvel at in our mineral fields. He is very enthusiastic over the mining out-look here and expresses the belief that Arizona will soon lead all other sections in copper production. His opinion on this point is well grounded and he might have added, with equal correctness, that she will also lead in silver production before many more links in the chain of years have rounded the January turn. Col. Spencer is interested in two copper companies operating in this Territory successfully now, and desires to invest in more if he can find properties to suit. He is also interested in the Oxford and Dover, at Pinal, which has been cursed by the management of that premium rascal, J. De Noon Reynort.

**The South Empire Copper Group.**  
RIVERSIDE, A. T., Oct. 18th, 1882.  
Editor Enterprise:  
Knowing that you take an interest in all mining properties in this county, I send you a few notes of the South Empire Copper Group of mines. This group is situated south of the Gila river, 2 miles west from Riverside, between the river and the Florence and Globe road. There will be no roads to build to these mines, as you can drive a wagon on to them from almost any direction. There is an abundance of wood for fuel and timbering purposes surrounding them. The mill site connected with them is considered the finest on the Gila river, for the reason that it is one-half mile below the chief water fall on the river. There is water power enough at the mill site to turn fifty Turbine wheels and with such advantages copper ore can be converted into bars here at \$2 per ton, not including the wages of miners. The ledges are all strong ones and you can find ore every few feet along the surface. A 37-foot shaft has been sunk on the Empire and makes a splendid showing, while the other four claims are excellent prospects. The "world beater" of the group is the Tiger claim. Mr. Elder, in prospecting this claim, struck a fifteen foot ledge last Monday, which carries a large amount of red oxide that will run through a smelter like grease and it is safe to say that it will average 20 per cent copper. Mr. Elder was the original locator of these properties, but put in a few thoroughbred partners. The owners are Jas. Elder, J. P. Gabriel, Prof. M. Kennedy, R. Robinson, N. McKenzie and Wm. Caulder. They all expect to become money kings in the near future and have grounds for their expectations. W. C.

**Valley of Casa Grande.**  
(Tucson Citizen.)  
The noted valley famed in the history of Aztecs in days gone by, is at present growing into enviable reputation, both by its location and the notorious metal bearing ranges that loom up on all sides of it. Looking north of Casa Grande station on the S. P. R. R. can be seen the peaks of the great producer, the famous King mine, close to which is the Mowry, the South King and North King, farther to the east comes the Bullion Producer, the Pinal Consolidated, and still farther north lies the South Pioneer, whose every report proves it to be what first developments claimed it to be, a remarkable mine. In the midst of the valley is situated the station of Casa Grande, and south of this station is a perpetuation of the northern range which, not wholly confining itself to the snows of the Globe heights, stretches itself by the mines of Quartzite and passes the "hills of Gibraltar," until its misty form is lost on the borders of Sonora that lay beyond and back of the Santa Rosa. Among the great mines south are the Vekol or Old Grandmother, a mine of silver whose actual product is a living, substantial witness of its merits. One hundred thousand dollars was bid for this mine by one of Arizona's heaviest capitalists and prominent mining superintendent, whose word has great weight in mining circles. The "hills of Gibraltar" contain mining property that to-day yields the pick and shovel miner fifteen hundred dollars per ton, not mere talk but actual facts. The evidence is here to support it. Such a mine is the Jack Rabbit. HERCULES.

**Silver Belle District—Pima Co.**  
While Gen. Jordan, of the New York Mining Record, was in our sanctum, yesterday, he stated that he had just visited the Silver Belle Copper district, Pima county, and was absolutely astonished at what he had seen there. "Why," said the General, enthusiastically, "the Silver Belle district is as far ahead of the Copper Queen district in value as the sun exceeds the moon in brilliancy, and I will tell you why. The Copper Queen, itself, is a splendid property, but it has, apparently, swallowed up all the mineral of the district and outside of its lines there is nothing. But in the Silver Belle district, there is property after property, and I found copper float all over the surface." He said further that all the fluxes needed in smelting ore could be obtained, in any quantity desired, right at the mines. Nature has deposited them there along with the copper. The ore is principally carbonate, with some red oxide and native copper. The veins, he says, are clearly defined fissures and therefore permanent. Water is abundant near the surface. Gen. Jordan has secured some promising interests in this district and desires to secure some more. The Silver Belle, along with the Total Wreck and the Gainsight will contribute largely to the future wealth and prosperity of Pima county.

**PINAL COUNTY RECORDS**  
Furnished by Jno. J. Devine, County Recorder.

**DEEDS.**  
W. H. Benson to J. J. Fraser, one half interest in the Black Diamond mine, Pioneer district, \$250.  
R. F. Depp to Geo. H. Fletcher, one third interest in the Memphis mine, Pioneer district, \$100.  
Charles F. Palmer to George Taylor, three-sixteenths interest in the Silver Bell mine, Casa Grande district, \$750.  
**POWER OF ATTORNEY.**  
S. P. McGarvin, of Casa Grande, to John A. Wright of Mineral King mine.  
Mary A. Reagan, of Oakland, Cal., to Matthew Caviness, of Pinal, of Grand Hill, Pinal.  
**MINING LOCATION.**  
Clipper Mine, 1 1/2 m. n. w. from Cane Spring, by D. W. Carroll.  
**MECHANICS LIEN.**  
A. M. Elmore against the Ada mill site.  
**BILL OF SALE.**  
Matt Caviness to Martin, Goldman & Co., wagons and teams, \$19,000.  
**"BUCHU PAIBA."**  
Quick, complete cure, all annoying Kidney, Bladder and Urinary Diseases. \$1. Druggists.

**In the Probate Court.**

In and for the County of Pinal, Territory of Arizona.  
In the matter of the Estate of Martin L. Stiles, deceased.  
Order to show cause why decree of distribution should not be made.  
On reading and filing the petition of William C. Smith, the administrator of the estate of Martin L. Stiles, deceased, and praying among other things for an order of distribution of the residue of said estate among the persons entitled.

It is ordered, that all persons interested in the estate of the said Martin L. Stiles, deceased, be and appear before the Probate Court, in and for the said County of Pinal, A. T., at the Court Room of said Court, in the town of Florence, in said Pinal county, on Monday, the Sixth day of November, 1882, at ten o'clock a. m., then and there to show cause why an order of distribution should not be made of the residue of said estate among the heirs of said deceased, according to law.

It is further ordered, that a copy of this order be published for four successive weeks, before the said Sixth day of November, 1882, in the Arizona Weekly Enterprise, a newspaper published in the said Pinal county.

G. L. WHATTEN,  
Probate Judge.

Dated, September 21st, 1882.

**J. CHAMPION,**  
Dealer in  
**LUMBER,**
